Grazing Good Yet.

The frosts of last week did not kill the Japan clover in these parts so we will have good grazing a little longer yet. This new grass grows to perfection everywhere in the county and while it lasts furnishes as fine grazing for all kinds of stock as bluegrass or any kind of grass. The only thing liking about it is it is rather late in the spring and gets killed too early in the fall. At this time of the year just before frost and after the seed are ma-

tured, it fattens cattle equal to corn.

TICKET NAMED

By Democrats of Clay City in Mass Convention Saturday Night.

Strong Candidates; Ones That Will Win by Greatly Increased Majorities.

The Democrats of Clay City met in mass convention at the court room Saturday night, but the house was much too small to accommodate the enthused crowd, so they repaired to the Gymnasium Hall where the business before the body was skillfully and satisfactorily transacted.

Frank Webb was elected chairman, and Geo. W. Anderson was chosen secretary. W. T. Webb, Dr. Bertram Smith and J. E. Burgher were appointed a committee on resolutions. They offered the following resolutions which were unanimously adopted and ordered published in the CLAY CITY TIMES.

We, the Democrats of Clay City, in mass convention assembled for the purpose of nominating candidates for city officers make the following resolutions:

1st. That we approve of the call, the time and place for holding this meeting.

2nd. That we indorse the wise and prudent Democratic administration as manifested in the present city council.

3rd. That we point with pride to the successful Democratic state and county administrations as models of proper government.

4th. That pure democracy should hold herself aloof from all the contaminating influences of Republican policies in cities of the fifth class as well as in county, state and national affairs, for as the branches wither and decay so must the trunk succumb.

Nominations were then taken up, and owing to the large crowd present the usual method of voting by private ballot had to be dispensed with, and the order was made to take a division of the house.

Squire T. J. Fletcher and Judge W. T. Adams were nominated for Police Judge. The division of the house showed the vote close and a count was made showing Judge Fletcher to have a majority of eight votes. When the vote was announced, the name Fletcher was so loudly and unanimously called that he responded with a nice little address which brought forth many cheers. Judge Adams, the defeated candidate also made a nice speech, pledging his hearty support to Judge Fletcher, which was also loudly cheered.

Mayor D. R. Daniel and Dr. Littlepage were each placed in nomination for Mayor. A division of the house showed Daniel to be the successful nominee.

The following gentlemen were then harmoniously nominated for councilmen: J. H. O'Rear, C. Shimpfessel, H. C. Warmouth, F. M. Hutchinson, A. R. Goosey, Charlie Anderson.

The candidates selected are all

good men, sound and never failing Democrats, make up a strong ticket, and one that will win on November 7.

Upon the whole, the meeting was a rousing one, filled throughout with enthusiasm, and attended from the beginning to the end with demonstrations of approval.

Resolutions of Respect.

Whereas, Our Heavenly Father, in His infinite wisdom, has called our fellow townsman, J. H. Terry, to that bourn from which no traveler e'er returns; be it

Resolved:

That, in his death, Clay City, lost a valued official, (the Mayor) the community an honorable, upright citizen, his home a kind and loving father.

That we bow with meekness to the will of him who doeth all things well; and that a copy of these resolutions be sent to the family, a copy to the CLAY CITY TIMES for publication and that a page in our minute book be set apart for same.

Wholesome Advice.

An agricultural paper very appropriately says: "The ordinary tree vender is to be avoided. Trees should be purchased from reliable nurseries. It takes three or four years to discover the reality of such a swindler, if he is a swindler. By that time he may be a long way off. It does the orchard no good if he is caught, and much valuable time is lost. There are good trees and reliable nurserymen. These are the best."

This is wholesome advice coming from a reliable source. Our farmers are in close proximity to one of the most reliable nurseries in the United States, to-wit, H. F. Hillenmeyer, Lexington, Ky. See ad elsewhere in the TIMES.

Mose Feltner went from Winchester to Jackson Tuesday and testified before the grand jury. The four indictments against Feltner in the Breathitt Circuit Court have been transferred to Lee county.

It has been reported and published that I had withdrawn from the race for County Judge. I wish to state that such report was a mistake and unauthorized by me. I take this method to say that I am now a candidate, will be November the 7th and that I am in the race to win,
A. T. KNOX.

SPOUT SPRING.

Mr. and Mrs. Joe Cosby visited Mr. and Mrs. Ray McKinney two days of this week.

Isaac Sims returned Saturday from Pine Grove where he has been employed for the past several weeks.

School opened here Monday after a recess of three weeks on account of diphtheria. The cases in the district are now about all well.

John M. Kennon has finished sawing the boundary of timber he recently purchased near here, and is now moving his saw mill to other parts.

Asa Todd is at the bedside of his sister, Mrs. Texa McKinney who is down with typhoid fever at her home near Ruckerville, whose condition is reported as being no better.

Mr. Garrett Tipton was here from Miller's Creek the latter part of the week. He was the guest of Elder G. W. McIntosh, and was looking at some farms for sale in view of buying in this neighborhood. Mr. Tipton is one of Estill county's leading citizens who would receive a cordial welcome should he locate in our midst.

An exchange says that bad water kills as many people as bad whiskey. Maybe it does, but we don't have to buy it at 75 cents a pint.

Alabama has a neat surplus in her treasury. The Alabama "legislature" does not "meet" so often as other State's legislatures. A suggestive thought.

If Mutual Life Insurance of N. Y., was \$25,000 anxious to defeat "Bryan and silver" why was it \$40,000 eager to beat "Parker and sound money"? looks queer, doesn't it?

Chas. Jones has been sent to the W. Va. penitentiary for twenty years for extorting money from a farmer, instead of getting him into a life insurance deal. Jo. esy is behind the times.

Singular that the administration of President Roosevelt spent much time and money in the arrest of Greene and Gaynor in Canada, while allowing home peculators and life insurance looters to escape. But then it is possible that Messrs. Greene and Gaynor were contributors to the Republican national corruption fund like the life insurance people.—Ex.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

We Aim at Facts Only.

We aim to print nothing but what is true, but sometimes we miss it. Of course we can not positively verify every article, if we did it would be a very small sheet of news of a large sheet of white paper. Our recourse, like all other local papers is to resort to current reports, still these sometimes are not true.

Two weeks ago, we published, upon what we thought good authority, that A. T. Knox had withdrawn from the race for County Judge, and believed it to be true, as our author was a Republican and in position to know what he was talking about. In a card, published in today's paper, Mr. Knox says he is still in the race, and we hasten to make the correction. We wish to here state that our informant was honest, and we are sure he thought the report true.

An Acceptable Ticket.

Could a better and more acceptable city ticket be named than the one nominated Saturday night. There was no cut and dried nominations. Every Democrat had a say-so, discussions were free, nominations were free; it was the poor man's, the rich man's convention. They were in unanimity Saturday night, will be November 7th, and after that date the pure and unpoluted, rank and file, middle of the road, unswerving, indefatigable Democrats of Clay City will continue at the head of the city's affairs, which means more prosperity for the municipality, more public improvements, no increase in taxation. Vote the ticket straight, 'twill do you good later if not at the time.

Has Evaded Lawsuits.

The present City Council has evaded a single law suit. Instead it has built a fence up the dangerous riverhill, built an overhead railroad crossing, an iron highway bridge across Red river. In fact, evidently more money has been spent in Clay City on bridge and street improvements the past two years, than had before been expended by the city since its incorporation. Then why make a change, and return to the take-it-easy unconcerned citizen's (?) ticket?

Judge M. A. Phillips, whom the Republicans of Powell county nominated and tried to induce to make the race for County Attorney on their ticket, has declined the honor, (?) and says he will work for and support the Democratic nominees. The itch for office may allure some weak-kneed Democrats, but the real fidelity of Judge Phillips can not be thus finally broken.

We can see no excuse for any Democrat refusing to support the city ticket named Saturday night. The organization of the party in Clay City was regular and without open objection and the straight ticket was also named without formal objection. Then if you haven't the grit to come out publicly and defend your ideas why kick out of the harness at what others unmolestedly accomplish?

Vote for Albert Easter, the popular nominee for Representative in this district. He is the man that knows the needs of the district; he is the man that will be found on the Legislative floor defending our rights and contending for that which our people most need; he is the man that will reflect credit to his constituency, and he is the man that will be our next Representative.

Edward Rose is a sober and business man, has made a success in the business world. He is eminently qualified to perform the duties of County Clerk, and after the election, Mr. Rose in his courteous and attentive manner will gracefully attend to the business in the County Clerk's office.

Keep always in mind the fact that at the polls this fall we will be called upon to decide whether or not we will return to the old system of voting. The present method is ten times more corrupting than the old way. Under the old way, you can vote and see that it is counted as cast. Vote sure for the change.

The present county administration has brought the county out of debt, is improving our public roads, is now in position, and is in a fair way to make even much greater strides in a progressive way. Under such conditions, what excuse has any Democrat for not supporting the nominee?

Our county authorities have the best wishes of all unprejudice people for the improved roads of Powell county, that is what part we have seen, today are far better than we ever saw them before. The roads have too been improved on the most economical plans.

No One But Yourself if You Don't Get Well When Sick.

All we can do is give advice. Of course that's easy. But our advice is really worth a little more to you than most people's, for we offer to give you the first bottle of our medicine free, if it fails to help you.

We could not afford to do this unless our medicine was good. Such an offer, on the wrong kind of medicine, would put a merchant prince in the poor house. Dr. Miles' Nervine, however, as years of experience have proved, is a medicine that cures the sick.

Those whom it cannot benefit—less than one in ten thousand—we prefer to refund their money.

All we ask of you is to try Dr. Miles' Restorative Nervine for your complaint. If you suffer from sleeplessness, nervous exhaustion, dizziness, headache, muscular twitchings, melancholy, loss of memory, weak stomach, poor blood, bilious troubles, epilepsy, St. Vitus' Dance, etc., we will guarantee to benefit you or refund your money. You are the doctor.

"My son Bert, when in his 17th year, became subject to attacks of epilepsy, so serious that we were compelled to take him out of school. After several physicians had failed to relieve him, we gave Dr. Miles' Nervine a trial. Ten months' treatment with Nervine and Liver Pills restored our boy to perfect health."—MR. JOHN S. BEAUTIFY YOUR HOME WITH KINLOCH PAINT

Important Memorandum—The painter is the most important factor in painting. A job completed by a good painter will be the best quality of paint, costing only \$50.00 (400 Kilobars, \$20.00) and last five years. The same paint applied by a duffer (100.00 Kilobars, \$20.00) will last only one year. Thus the "per-gee-con" of the good painter's job at \$12.50—the poor painter's \$50.00.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only

Kinloch HOUSE PAINT

There's one indisputable reason why, a reason every honest painter will acknowledge—"The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

I suffered for four months with extreme nervousness and lassitude. I had a sinking feeling in my stomach which no medicine seemed to relieve, and losing my appetite I became weak and lost my vitality. In three weeks I lost fourteen pounds of flesh and felt that I must find speedy relief to regain my health. Having heard Wine of Cardui praised by several of my friends, I sent for a bottle and was certainly very pleased with the results. Within three days my appetite returned and my stomach troubled me no more. I could digest my food without difficulty and the nervousness gradually diminished. Nature performed her functions without difficulty and I am once more a happy and well woman.

Tapering off a bad habit is often only the whittling of kindling for a new start.

Origin of Court Day.

An exchange has the following: "Like nearly every other fixed custom in Kentucky court day gatherings are of Virginia origin and date back to the old colony times when we were under a king, and our Virginia ancestors were wont to consider attendance upon the monthly meetings of the county court as a bounded duty which no good citizen would be justified in neglecting; no matter whether he had any business there or not. In Kentucky, from immemorial times, nearly every body of the male persuasion has been in the habit of going to town on County Court day. They go because they have always, from boyhood, 'attended court,' and because their father and grandfathers and great grandfathers and great-great-grandfather always did before them. It is a custom which nobody in particular originated, but which always existed among our Virginia ancestors for more than 150 years before the beginning of the Revolutionary war.

A Missouri contemporary complains that the pumpkin crop will be short in the black land district of that State this fall, owing to the excessive rains making the pumpkin vines grow so fast that the fruit was ruined by being dragged on the ground.

The first car on the interurban line from Lexington to Versailles was operated Tuesday, being drawn two miles of the distance by mules.

If You ARE A Democrat Or if You are not You will want to read Bryan's Commoner.

ON MARCH 17 The Commoner announced the Primary Pledge organization plan. This plan provides for Democrats to sign a pledge, binding themselves to attend all primaries of their party between now and the national campaign of 1908. It is a practical method for the organization of the party by the rank and file, in order that it may prove true to its name and be the efficient servant of the people in the establishment of reform. A little investigation will convince you that the Commoner has hit upon a feasible and effective method of persuading Democrats to participate in the councils of their party.

These pledges are pouring into the Commoner office by the thousands, where they are carefully filed by state, county and voting precinct.

If the same interest manifested in this work during the past four months is maintained during the next two years, the total membership will exceed four million Democratic voters.

The Commoner is issued weekly, subscription \$1 a year. By special arrangements, for a short time only, we offer the Clay City Times and The Commoner one year both for \$1 10.
